

DEER CREEK WATER CORPORATION

Current Membership/Impact Fees as of 9/18/17:

Every residence or commercial user must have an individual Membership and meter as per the Bylaws & Rules and Regulations of the Deer Creek Water Corporation. Memberships belong to the individual person and are **NOT** tied to the property. They may be moved to another location on the water system as long as water is available in the area. Memberships may be transferred or sold, but the membership is nonrefundable by DCWC.

Membership/Impact Fees are based on the size of the meter as follows:

RESIDENTIAL METERS

Membership/Impact fee includes setting the meter can and meter adjacent to our main line. If the DCWC main is not on the customer's property (across the road) the customer is responsible for the cost of any necessary road bore or additional water pipe. It is the customer's responsibility to hire a plumber to run their private line from the water meter to the residence.
